

## Freedom of Information Act Request

1. Are surgical robots used in your trust? **Yes**
2. Are you currently planning to purchase a surgical robot(s) in the next 18 months? **No**
3. Please list the manufacturer and model of all surgical robot(s) used in your trust? Please include duplicates if multiple surgical robots of same manufacturer/model. **Versius V-SS-100**
4. What date was the surgical robot(s) purchased? **28/03/2023**
5. Are surgical robot simulators used in your trust? **No**
6. Please list the manufacturer and model of all surgical robot simulator(s) used in your trust? Please include duplicates if multiple surgical robot simulators of same manufacturer/model. **N/A**
7. What date was the surgical robot simulator(s) purchased? **N/A**
8. How many procedures were carried out with use of a surgical robot each year from 2019 to present? Please provide a breakdown by speciality.

Example response table for question 8:

| Specialty          | Year | Number of procedures |
|--------------------|------|----------------------|
| Breast Surgery     | 2019 |                      |
|                    | 2020 |                      |
|                    | 2021 |                      |
|                    | 2022 |                      |
|                    | 2023 |                      |
|                    | 2024 |                      |
| Cardiac Surgery    | 2019 |                      |
|                    | 2020 |                      |
|                    | 2021 |                      |
|                    | 2022 |                      |
|                    | 2023 |                      |
|                    | 2024 |                      |
| Colorectal Surgery | 2019 |                      |
|                    | 2020 |                      |
|                    | 2021 |                      |
|                    | 2022 |                      |
|                    | 2023 |                      |
|                    | 2024 |                      |
| Endocrine Surgery  | 2019 |                      |
|                    | 2020 |                      |
|                    | 2021 |                      |
|                    | 2022 |                      |
|                    | 2023 |                      |
|                    | 2024 |                      |
| Gynaecology        | 2019 |                      |
|                    | 2020 |                      |
|                    | 2021 |                      |
|                    | 2022 |                      |
|                    | 2023 |                      |
|                    | 2024 |                      |
| Neurosurgery       | 2019 |                      |
|                    | 2020 |                      |
